Report of the Industrial Home Sub Committee

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen: We, your Sub Committee of the Industrial Home, visited the Home on May 1st and beg leave to report the following:

The work recommended at our last Council meeting has been all done up in fine shape and satisfactory to your Committee.

We recommend that the pipes in the basement of the men's smoke room be covered with asbestos and one bedroom be papered on the main floor.

We further recommend that 60 tons of stoker coal be purchased as soon as possible. The Thrifty Scot Automatic Stokers have been in operation for one season and the 70 tons of stoker coal purchased last year cost \$595. If the stokers had not been installed the coal would have cost \$1085, so by our figures the stokers have paid for themselves in one season.

The drier in the laundry has been installed and it will be a great help on wash days. The female hired help is not very good as there isn't a cook or ward maid at the present time.

All of which is respectfully submitted.

Report of The Equalization Committee

To the Warden and Members of the County Council of the County of Norfolk:

NAYES—Messrs. Moore and Sheppard.

Report of The County Road Committee

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen: We, your Committee on County Roads, beg leave to report as follows:

At the January session a By Law was passed authorizing an expenditure of \$180,000. In accordance with the Highway Improvement Act this By Law was submitted to the Department of Highways and word was later received advising that the Government would only pay Subsidy on an expenditure of \$100,000.

Your Committee find that this amount is not sufficient to maintain the County Road System. We therefore recommend that the rate for County Roads be the same as last year 2.316 mills.

Under this levy the payment and rebates of the Town of Simcoe and the Villages are as follows:

	Pay	Rebates
Simcoe	\$11628.27	\$ 5314.13
Delhi	3399.06	2549.30
Port Dover	2839.05	2129.23
Waterford	1763.04	1322.23
Port Rowan	904.96	678.72

TOTAL REBATES \$12493.71

Your Committee recommends the attached estimates for the work to be proceeded with on the County Roads during 1942 with further consideration if the Government increases the amount of Subsidy:

All of which is respectfully submitted.
